Digital signing made simple

Powered by Docusign and built into myprosperity

Speed up signature approval and reduce paperwork with built-in digital signing powered by DocuSign. Included on all plans, you can send, track and manage signature requests directly from your client portal, helping reduce administration and create a smoother experience for clients.

Use DocuSign or continue with your preferred provider
myprosperity also supports leading eSignature solutions, giving your practice the flexibility to work the way that suits you best.

What digital signing means for your practice

Reduce administration
Send, track and manage signature requests from one secure portal.

Get documents signed sooner
Help clients review and sign documents quickly from any device.

A seamless client experience
Documents, forms and signatures remain connected in one secure location.

Flexible for your practice
Use included Docusign or continue working with supported eSignature providers.

Faster signatures. Less administration.
